## More teaching, less managing

GoGuardian helps you create smart and effective digital learning environments that work any way you want them to, without surprises. We're as passionate about keeping kids safe, on-task, and engaged as you are.

With GoGuardian Teacher providing a view into your students' online activity and providing you control over their devices, you can eliminate distractions, connect with students, and save time. Teach confidently with devices knowing that your students are staying focused and on-task.

## **Classroom device management made easy:**

- Video Conferencing\* NEW Meet with students one-on-one, or initiate a group call to collaborate with the whole class.
- Screen Sharing NEW

Share your screen with the option to enable audio and/or video to walk students through a lesson.

Lesson Recording\* 

> Record your one-on-one calls, group calls, or screen-sharing presentations to distribute later.

View Student Screens

See what students are working on, and easily identify students that are struggling or may need more guidance.

## Limit Student Browsing

Block specific websites while keeping the internet open, or restrict students to only the websites you choose-perfect for testing.

- Direct Chat & Announcements Deliver instruction to the whole class, or chat privately with individual students without disrupting the rest of the class.
- **Off-Task Alerts**

Receive an automatic alert when a student goes off-task or off-subject.

**Control Student Screens** 

Close irrelevant tabs, open tabs to helpful resources, lock screens, and screenshot student screens.
