

XPS 15

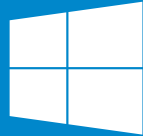

Pushing innovation to the edge.

The world's smallest 15-inch laptop with a virtually borderless InfinityEdge display - all in our most powerful XPS laptop.

High-performance power

With up to a 5th Generation Intel® Core™ i7 processor, to smoothly run all your programs and apps.

Windows 10. Do great things.

With familiar Start menu, Task bar and Desktop, you'll feel like an expert. Designed to be compatible with the hardware and software you already own.

Excellent battery life

Built-in battery for extending your life on the go with up to 12 hours of battery life.

Infinity display

The world's first virtually borderless infinity display, an edge to edge screen on a 15" laptop.
