Portable Accuracy at its Finest

Adonit Mini 3 Fine Point Stylus

More precise than a finger on a phone screen, the Precision Disc writes exactly where the user places it. With the accuracy of the Jot Pro in a shorter build, Adonit Mini takes notes, sketches, and navigates on the go. At 98.7mm long and 13g, Adonit Mini is designed to fit any workflow on the iPhone®, iPad®, or almost any touchscreen device. No connection or batteries needed.

MEEM Lightning USB Memory Cable for iOS

MEEM delivers charging and automatic back up all in one cable for up to 3 devices; every time your student charges their phone or tablet, MEEM automatically backs up their personal data. MEEM is a simple solution that fits into a student's daily routine with no cloud or third party access to their information. The student's data is 100% visible on the MEEM app and the archive mode allows them to back up their data to the MEEM cable and then delete it from the device, freeing up space. MEEM makes it easy to have peace of mind that all your student's important data is safe.

Bring Notes to Life with LiveScribe

With the Livescribe 3 Black Edition Smartpen and the Livescribe+ mobile app, simply write on Livescribe paper and watch your handwritten ink appear on a tablet or smartphone. Users gain the benefit of always having a digital backup of their notes and ideas, and they can quickly share them with friends and colleagues right from their mobile device. They can create tasks, reminders, calendar events, new contacts and more, right from their notes. They can also use the mic on a tablet or smartphone to add recorded audio that's synced with their handwriting so they can be sure they'll never miss a word. Get more done in less time—all with just a few quick ink strokes and taps of a finger. Compatible with iOS and Android!
