TABLE OF CONTENTS

Enjoy superb audio with the latest range of products from Andrea Communication
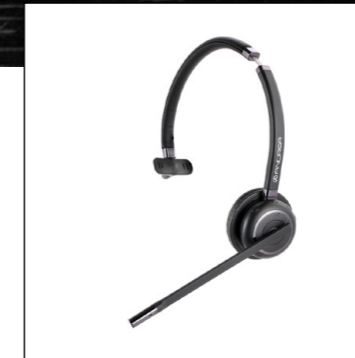

NC-255VM USB On-Ear Stereo Headset & NC-455VM USB Over-Ear Stereo Headset

Two new models join the best-selling NC-Series of speech recognition headsets. Built with a more robust profile and Andrea Communications exclusive noise-cancelling microphone, the two headsets feature ALL NEW in-line controls for volume and speaker mute.
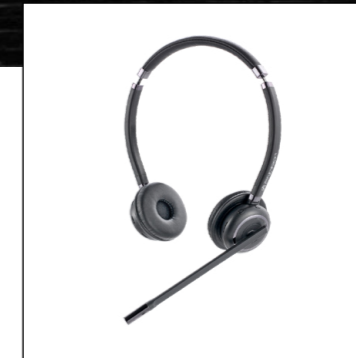

SG-110M Mobile Unidirectional Shotgun Microphone

The new SG-110M features enhanced sensitivity for far-field sound reception. Designed specifically for mobile devices, the SG-110M has a 30-inch shielded cable with a TRRS plug.

WNC-2100 Mono Wireless NC Bluetooth® Headset & WNC-2500 Stereo Wireless NC Bluetooth® Headset

Designed for use with mobile phones, tablets and computers, these new WNC Headsets easily pair to any Bluetooth® device. With an easy-to-use interface that puts the controls right at your fingertips, they offer up to 12 hours of talk time. The semi-rigid boom ensures perfect placement of the noise-cancelling microphone and rotates 360° for left or right side usage. A durable padded headband and plush leatherette ear cushions provide maximum comfort. Includes carry case for storage and portability.

To place your order, please contact Douglas Stewart EDU at orders-eu@dstewart.eu.

Participate with the Avid® Software Selector Tool Program!

This new tool is an easy guide for your customers, directing them to the correct software offering—new, upgrade or reinstatement, including Avid® freemium products. The selector tool is available for Pro Tools®, Media Composer® and Sibelius®. Resellers can connect the Selector to their website with direct links to their store pages, or use it as a sales tool to enable your teams to guide customers.

Take a Look »

To get started, host a banner (examples below) on your website that will lead the users to your own branded version of the selector tool.

For more information on the Avid Selector Tool program, contact a member of our team at orders-eu@dstewart.eu.

NEW! Sibelius 8.6
The world's best-selling music notation software.

NEW! Pro Tools 12.8
Power sound with the tools that power the industry.

NEW! Media Composer 8.9
Accelerate storytelling with the tools embraced by film, television and broadcasting editors.

Equations Everywhere and Anywhere™

MathType⁶

Windows

MathType⁶

The Mathematical Equation Editor for Windows

Design Science
How Science Communicates™

MathType™
For Windows® & Mac®

MathType™ is a powerful interactive equation editor for Windows® and Mac® that lets you create mathematical notation for word processing, web pages, desktop publishing, presentations, eLearning, and for TeX, LaTeX and MathML documents. MathType works with Microsoft® Word, PowerPoint, Apple's Pages and 800+ other applications and websites. MathType is used by scientists, engineers, educators, students and publishing professionals for authoring and publishing mathematical notation in print and online content.

"I have been using MathType for years, and can't imagine trying to live in a math or science classroom without it."

‑ John Mann, High School Science Teacher

iClone® 7

REALLUSION®

Introducing iClone 7 from REALLUSION! NOW AVAILABLE!

Reallusion is a leader in the development of 3D cinematic animation tools for consumers, students and professionals. Recognized as an industry pioneer, the company provides consumers with easy-to-use avatar animation, facial morphing and voice lip-sync solutions for real-time 3D filmmaking and previsualization for professional post-production.

Benefits of iClone 7

Visual Enhancements

- Physically-based Rendering
- Real-time Global Illumination
- Dynamic Image-based Lighting

Learn more »

Professional Animation

- Real Camera System
- Morph Animation Editor
- Pro Facial System

Learn more »

Open Architecture

- iClone 7 APIs
- Motion Curve Graph Editor
- Python Scripting
- LUT & Colour Toning
- Custom Shader

Visual Enhancements

Reallusion has transformed iClone 7 into a completely new visual powerhouse built to perfectly animate a new generation of PBR content. Experience how Global Illumination turns a normal 3D scene into a photo-realistic world with Image Based Lighting that demonstrates seamless blending between different image-based sources, while allowing users to bake HDR IBL maps right on the spot, from their very own 3D scenes.

Professional Animation

Reallusion have continued their commitment to escalating their 3D animation with several new features. Users will be empowered with the industry-standard camera system, in-depth facial animation editing, morth animation from blendshapes and real-time facial mocap. The innovations in iClone 7 are designed to enhance the creative possibilities for the everyday users.

RisingSoftware

Shape the Future of Music Education
Expert Music Software for Students, Teachers & Pros

Auralia5—
Ear Training Software

Auralia is the gold standard ear training program and is used by musicians of all ages. Intervals, scales, chords, rhythm, melodies, tuning, jazz progressions—all covered! The courses guide users through the 41 topics and lessons and they can customise levels to suit their needs, always working at their own pace. Scores are recorded in the cloud—review progress and print reports anytime, anywhere.

Musition5—
Music Theory Software

Musition is a music theory program used in schools and universities worldwide. Improve note reading, scales, chords, rhythm, instruments, terms, transposition and more! Lessons and drills are included, and the new courses will easily guide users through all of the 35 topics. Scores are recorded in the cloud—review progress and print reports anytime, anywhere. A fun and easy way to learn theory!

Work with students on and off campus with the cloud editions

Teachers

- Assessment & record keeping
- Ear training & theory with real music
- Curriculum mapping & customisation

Students

- Complete tasks at school or home
- Quality feedback to assist learning
- Available for Windows® & Mac®

Auralia and Musition are suitable for high schools and universities, and are a great add-on when supplying products such as Avid® Sibelius®. As class leading products, Auralia and Musition can confidently be sold to nearly any school and provide reliable and consistent revenue with renewals always referred back to the dealer.

For more information on the world's most powerful ear training and music theory software, please contact us at orders-eu@dstewart.eu.
