Transform your business

The FileMaker Platform is simply powerful software for creating custom apps that work seamlessly across iPad, iPhone, Windows, Mac, and the web.

Cloud hosting

Easily share information with fellow teachers in the cloud. The new FileMaker Cloud provides secure and reliable access to user's apps.

Cross-platform

No matter the size of a team, securely share the same information among users in real time.

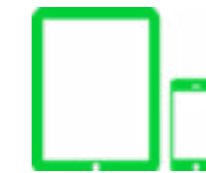

Easy integration

Connect to existing data sources such as SQL, ODBC/JDBC, XML, and more!

Built-in reporting tools

Easily create custom reports any time in a familiar spreadsheet format.

iOS ready

Build powerful apps for iOS devices. Also, users can use the app to capture signatures, scan bar codes, add photos and videos, and more!

Get the Best of Both Worlds

New **Parallels Desktop 13** is the fastest and easiest way to run Windows on a Mac. Now available for ESD delivery, Parallels 13 is optimized for Windows 10 and macOS Sierra and High Sierra.

See what's new:

Increase performance and power

Parallels 13 is nearly 40% faster than the past version. With up to 32 vCPU and 128 GB vRAM users can save time and get work done faster.

Dynamic Resolution

Spend less time waiting for your computer to reboot when switching to Windows. Changing window size, booting, and rebooting Windows is smoother than ever.

Picture-in-picture

Users can see everything they need to at once. This new view mode allows users to multitask with macOS and Windows at the same time.

Touch bar support

Includes support for Microsoft Outlook, Excel, and PowerPoint, as well as additional integration for the Windows Start Menu and Desktop, including Cortana, Task View, and Taskbar pinned elements on the MacBook Pro Touch Bar.

Not just for Windows

Run a wide array of operating systems including OS X, Windows 10, 8.1 & 7, Linux, and Google Chromebook. Users can run just about anything on their Mac.

Theft Recovery Software

What if you could disable your device the moment you knew it was compromised? You already can.

Absolute LoJack is the leader in data protection and theft recovery, with the only security solution that both locates the missing device and gets it back to the owner. Already embedded in the devices' firmware, once activated, the patented Persistence technology can survive a factory reset or hard wipe, allowing the industry's only Investigations and Recovery Team to locate and retrieve the stolen laptop, smartphone or tablet.

LOCATE

Locate a device (laptops, phones, and tablets) using GPS, Wi-Fi or IP geolocation

RECOVER

Enable the Absolute Investigations team to recover a stolen device

LOCK

Device Lock prevents anyone from accessing personal information on laptops, phones, and tablets

GUARANTEE

If a stolen device isn't recovered within 60 days, Absolute LoJack will help pay for a replacement

DELETE

Activating the delete feature permanently erases files, protecting personal information and preventing identity theft

More than just a reference manager

Endnote™ helps students and faculty focus on what really matters - creating impactful research

Whether it's for an individual or for an entire campus, EndNote help users research smarter. The tedious work of creating and formatting bibliographies, keeping all sources organized, finding full-text articles, and searching for previously saved notes and references is overwhelming and incredibly time consuming. Instead, provide faculty and students with EndNote X8 to reduce their stress. With this stress relieved, users can spend more time collaborating and taking their research to new heights.

EndNote X8

- Work from a single reference library with up to 100 people
- Avoid research limitations - store and share as many references, documents, and files as needed
- Sort through years of work in seconds
- Insert citations and references into a manuscript and automatically build a bibliography in over 6000 styles

ClassLink

More Time Learning, Less Time Logging In

ClassLink solves the problem of too many passwords and unorganized files. ClassLink solves the issue with just one click. Students can quickly sign in to all apps on any device with one password.

Learn from anywhere

ClassLink makes all apps and files available on any device with a web browser whether it is at school or on a personal device at home.

Single sign-on

Valuable time is wasted during class when students have to log in to multiple web apps throughout the day. With ClassLink, students only have to sign in once.

One place for files

Files are saved and shared through cloud services like Google Drive, One Drive, and Dropbox. Files can even be edited through any preferred software or favorite web app.

Favorite Apps

Office 365, Pearson, Moodle, PowerSchool, McGraw Hill, DropBox, Google Apps, Blackboard, and BrainPop.

Volume licensing programs are available for departments and institutions — contact us at licensing@dstewart.com to learn more.

Retrospect

Protect data with Retrospect

Complete data protection for Windows, Mac, Linux, VMware, Hyper-V, Exchange, and SQL

Retrospect backup and recovery software can give districts peace of mind knowing their digital assets are safe.

Complete Data Protection

Retrospect provides complete protection with backup, archive, and duplicate features built in.

Smart Incremental Backups

There's no need to tell Retrospect to do a full backup; it intelligently backs up only the unique files that it doesn't already have.

Scalable Data Protection

As an industry first for file-level backup, Retrospect is certified to back up 1 billion files per backup set, 100 TB of data per backup set, and 50 million files per device.

Smart Restores

Retrospect always restores exactly the files that belong on a volume; no unwanted files get restored and later require cleanup.

Monitoring Tools

Retrospect integrates with the latest monitoring systems, including Nagios, Slack, and IFTTT.

Selling Software is Back on the Table

The Douglas Stewart Company's ESD Sales Portal is a resource for you to deploy essential ESD to your students in store! Software is a profitable opportunity on college campuses. Now you can bring software sales back to your store with the ESD Sales Portal.

Program details:

- Students can quickly and conveniently buy ESD software in store
- It's easy to customize your portal. You can change the ESD SKUs and pricing as you wish. You can even include your store or school name and logo!
- The portal can be loaded onto any device
- Students can get academic pricing or store promotion pricing and save money
- If applicable, students can use their financial aid when purchasing software
- You can update student pricing to account for everyday pricing or promotional pricing levels
- Minimal overhead
- Marketing support from The Douglas Stewart Company
