THREAD WALLETS

Simplify Life and Add Style

Say goodbye to boring and bulky and HELLO to slim and stylish!

Elastic Wallet

As functional as it is expressive. These wallets hold 2-6 cards/cash, and are made with durable tight-knit elastic. Students can stay organized and attach keys, gym passes, and lanyards to this wallet.

DSC# 123498 | Vendor# E-F-15 | Min 1 | SRP \$14.95 | Cost \$7.65

Leather Wallet

A bit of class combined with unique designs lets students express their individuality while still remaining professional. The slim leather card holder is equipped with an elastic pocket, which not only stretches and contracts tightly around cards, but is also gives the wallet a unique style. It holds 2-8 cards and cash.

DSC# 123557 | Vendor# V-F-13 | Min 1 | SRP \$19.95 | Cost \$10.20

Wrist Lanyard

With these wrist lanyards students can keep track of where their wallet is at all times. These wrist lanyards are made with a genuine leather accent and can conveniently slip around your students' wrists.

DSC# 123577 | Vendor# WL-F-15 | Min 1 | SRP \$9.95 | Cost \$5.09

Neck Lanyard

Both fashionable and functional, students can keep their wallet, student ID, and keys together at all times. Made with genuine leather accent.

DSC# 123537 | Vendor# NL-F-23 | Min 1 | SRP \$10.95 | Cost \$5.60

Ergonomic Handhold for Microsoft Surface

The G-Hold® Designed for Microsoft Surface is a perfect solution for teachers and students with a Microsoft Surface as it allows them to hold their device comfortably in one hand while keeping the other hand free to scroll, type, or use the Surface Pen. The adjustable VELCRO® Brand base provides access to the kickstand when using the keyboard.

DSC# 123007

Vendor# SURFACEBLACK
SRP \$29.95 | Cost \$15.00

Universal Tablet Holder – Velcro® Brand Base Ergonomic Handhold for Tablets

The G-Hold® Universal Tablet Holder with VELCRO® Brand base is a great solution for teachers and students looking for a G-Hold® that works with all tablets and cases, including those with kickstands. The VELCRO® Brand base allows users to reposition their G-Hold when required, such as when they would like access to a kickstand.

DSC# 123002

Vendor# UNIVERSBLACK
SRP \$29.95 | Cost \$15.00

Micro Suction Ergonomic Handhold for Tablets

Utilizing micro suction material, this Micro Suction G-Hold® will attach securely onto any smooth shiny surface (the backs of tablets and minis), but can be removed and then re-used without leaving any marks behind. Included in every pack is a shiny, transparent sticker to enable the suction to be compatible with textured or painted finishes, such as the Apple Smart Cases with tri-fold stand.

2018 Summer Recap

Change the way your students experience audio with bone conduction headphones. These headphones deliver unrivaled situational awareness and comfort. These headphones sit on the jawbone and have transducers that guide mini vibrations through the cheekbones to the inner ears, delivering sound without plugging or covering the ears.

Non-slip grips for your students' mobile devices. Students can simply add these grips to the back of any mobile device to add a layer of GRIPTION.

Protect your students from the digital world. ESET provides security by adding firewall and content filtering.

Simply add this accessory to any whiteboard. Using it is simple, just use the whiteboard as normal. Upgrade any whiteboard and capture content automatically. Securely share content with anyone.

Cut the cord and give your students TV for free with full 1080 HD with the #1 rated indoor antenna.

Take your students' yoga practice to the next level. These mats are slip-resistant and can be taken anywhere.

This award-winning ecosystem is designed to make experimenting, coding, and building electronics affordable fun.

Ranging from keyboards to headsets, ROCCAT has your students covered for all their gaming needs.

Built to keep beverages hot or cold all day, Takeya is designed for the healthy-minded student. These insulated stainless steel bottles will keep drinks ice cold for up to 24 hours or hot for up to 12 hours.

Rugged, lightweight cases for mobile devices and laptops. These cases are drop tested to US Military Specs, ensuring protection in even the most extreme conditions.

2018 Spring Recap

Students can use the Google Pixelbook as a laptop, or to watch their favorite shows. They can also fold it into a tablet or stand it up.

Keep your students plugged in all day! Ranging from charging devices to earbuds, Samsung has solutions to keep your students going.

Students can easily grab what they need while they're on the go with these Charge MAXX displays. They conveniently fit on any countertop for easy access and to drive impulse purchases. Ranging from displays to the little must-have accessories, Charge MAXX has everything your students need to stay charged up.

Blue Microphone offers premium USB and XLR microphones, and audiophile headphones for recording, podcasting, gaming, streaming, YouTube, and more.

Style inspired by the city that never sleeps. Solo New York makes intelligently crafted bags and cases for the modern go-getter.

Students can protect their Mac, PC, or tablet with these impact-resistant sleeves. These sleeves come in a variety of styles and fabrics to choose from.

Uchida offers a wide range of quality office, craft, and art-related materials. LePen has a smooth-writing micro-fine plastic point and a sleek barrel design. The ink is acid-free and non-toxic.

Smartshake gives students the freedom to carry around everything they need for a whole day. These bottles feature compartments for snacks and a strainer to blend, all packaged in one bottle.

resqme is committed to the safety of their customers and the reliability of their products. Ranging in products from car safety tools to pepper spray, these products are designed to be easy to conceal and carry.

Hook-and-loop fasteners. Students can use VELCRO® products to help them decorate their dorm rooms and apartments without damaging their walls.

Incident IQ empowers K-12 districts with a full suite of features and modules designed and built to support the technology your district depends on.

Robo 3D printers are the consumer's choice for the top personal 3D printer in the market. Wi-Fi gives users the freedom to make whatever they can imagine right from your mobile device using the Robo app.

WeVideo is the online video editor that makes it easy to capture, create, view and share movies at up to 4K resolution for stunning playback anywhere.

Sharp's cutting-edge, interactive display systems are designed to enhance collaboration and student engagement for a seamless integration within the classroom experience.

2017 Fall/Winter Recap

LucidSound crafts audio products specifically for the needs of gamers in their everyday lives. The headsets are designed with features for use on the go with sleek designs and simple intuitive controls.

BullGuard combines technical expertise with an understanding of educational security needs to deliver complete protection across all connected devices. They're the user's own private bodyguard—tracking and tackling security threats so the user can connect confidently, control easily, and travel freely throughout the digital world.

Energizer continues to fulfill its role as a technology innovator by redefining portable power and wireless charging solutions to meet people's active lifestyle needs for today and tomorrow with Energizer® chargers for rechargeable portable devices.

Libratel offers premium cell phone accessories so students can get the most out of their mobile devices at an economical price.

Only ScreenBeam enterprise-grade receivers support interactive touch for true real-time interaction, making it quick and easy to connect and collaborate productively in any meeting or classroom wirelessly.

iOgrapher has various bundles that transform most mobile devices into a full-blown video camera. Whether in class or on the playing field, iOgrapher provides an easy solution for real-time learning and feedback.
