

TurboCAD® DELUXE 2D/3D 2018

Powerful 2D/3D CAD Software
US \$149.99

TurboCAD® Deluxe 2D/3D 2018 is ready-to-use 2D drafting, 3D modeling and rendering software. Easily adjust the interface for your level of experience to access hundreds of drawing, modification, dimensioning and annotation tools. Quickly render designs for powerful presentation, share with AutoCAD® and more.

Ready to Use 2D/3D CAD for Everyone – TurboCAD Deluxe continues to be the best solution on the market for new 2D/3D CAD users. It's easy to learn and use and offers an incredible collection of 2D drafting, 3D surface modeling, photorealistic rendering and supported file filters.

Complete 2D/3D Design Tools – For drafting, modeling, modifying, dimensioning and annotation.

Easy to Learn and Use – With set up wizards, context-sensitive help, snaps, alignment aids and handle-based editing.

3D Printing Features – With read/write of .STL files, surface simplification controls and a 3D Print button for 3D Systems printers.

Excellent File Sharing – With AutoCAD® .DWG & .DXF, SketchUp .SKP, .TAP files for mobile & more!

Architectural Design Tools – Including an Improved House Builder Wizard.

Photorealistic Rendering, Materials and Lighting – To create powerful presentations.

KEY FEATURES

- ✓ **Advanced Handle-Based Editing** Save time and draw more accurately, more quickly. TurboCAD provides handles for scaling, moving and aligning objects.
- ✓ **Automatic Wall Openings** "Slide" doors, windows, arches or any shape to create "openings" in walls with linked 2D and 3D views. Even set vertical alignment properties. Dimensions display as doors and windows are inserted, showing the distance to and from the wall ends for easier, more precise placement.
- ✓ **2D & 3D Boolean Operations** Use two existing objects and combined, subtracted, intersected, or sliced to create a new object. Select multiple entities for addition or subtraction.
- ✓ **2D & 3D Text Editing** Create and edit text without leaving your drawing. Plus, choose from thousands of colors for text and background.
- ✓ **Extrude** Pull complex 3D models from simple 2D shapes.

Dozens of New Features & Enhancements

New Ribbon Interface – TurboCAD 2018 now supports a Ribbon Interface UI option.

3DS Filter Improvements – TurboCAD 2018 imports RedSDK materials without losing texture.

Quick Pull for surfaces – TurboCAD 2018 allows Quick Pull for surface objects along with the solid objects.

Flatten Tool – Automatically flattens 3D curves and polylines to the 2D work plane by setting height values to 0.

Ability to create keyboard shortcuts using the Control Key in combination with one or more keys – Historically, the user had to hold the Control ('Ctrl') key down and then press one additional key. Now, the user simply presses (and releases) the Ctrl key, followed one or more keys to define their shortcut. This feature frees allows the user to initiate commands with one hand while controlling their mouse with their other hand.

Redsdk Memory Handling Improvemnts – TurboCAD 2018 now displays the respective memory usage along with the processing time.

3D Point Measure – TurboCAD 2018 now supports the 3D Points measurement.

...and more!

USER REVIEWS

"I've used TurboCAD for 15 years or so, and this version keeps the tradition of performance excellence unchanged. I can't figure out what keeps AutoCAD in business."
– Stephen B.

"I found TurboCAD many years ago while looking for inexpensive design software for home use. TurboCAD Deluxe fit the bill perfectly and continues to please today."
– Tracy R.

"With its TurboCAD line, IMSI has been demonstrating for years that the drafting needs of many thousands of engineering and architectural professionals can be more than adequately met with software costing only a couple hundred dollars."
– Joel O.

"TurboCAD is a solid CAD program and is, in my opinion, one of the best values on the market. It has executed every CAD-oriented task I have attempted flawlessly. The UI is mostly straight forward. It didn't take long before I was moving around efficiently in the environment. This is a 5 star program in my world."
– Richard K.

SYSTEM REQUIREMENTS

64-bit: Desktop or laptop PC; Microsoft Windows 10, 8, or 7 (64-bit), or Vista; 8 GB RAM; 1 GHz 64-bit (x64) CPU processor

32-bit: Desktop or laptop PC; Microsoft Windows 10, 8, or 7; 4GB RAM; 1 GHz 32-bit (x86) CPU processor

Recommended: 16 GB RAM or higher; faster CPU; REDsdk supported graphic processing unit (either a chip on the board, or on a video card)
