NEW
VERSION**UPDATED! POWERFUL VIDEO PRODUCTION, AUDIO EDITING & DISC AUTHORIZING**

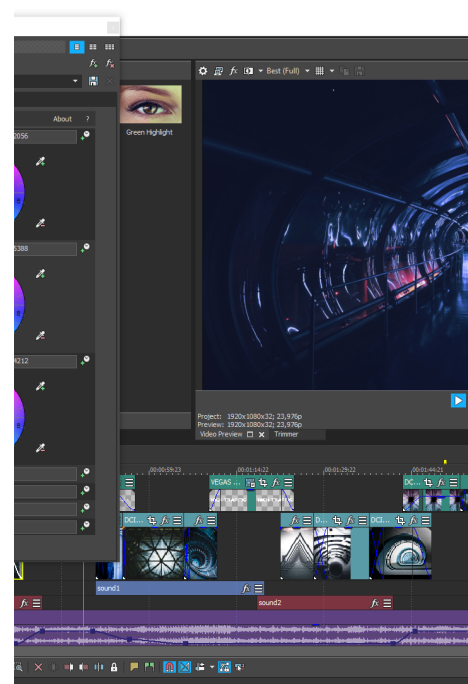

VEGAS Pro 16 comes up with innovations that fuel your creativity and supercharge your editing sessions. With world-class image stabilization you can salvage shaky footage, and advanced motion tracking enables you to track an object, pin text or other video to it, or add other effects. With multiple storyboards, you can experiment with alternate sequencing and edits, and quickly switch between the alternatives for instant comparison. VEGAS DVD Architect allows you to deliver your projects on DVD or Blu-ray Disc complete with custom menus, buttons, and artwork. Finally, partner products give you extra filters and effects to help you enhance the look and impact of your projects.

VEGAS Pro 16 is the fastest solution for professional video editing, audio editing, and disc authoring. Now with even more innovative creativity tools like advanced motion tracking, world-class video stabilization, and dynamic storyboarding that deliver incredible results faster than ever. Use cutting-edge video effects and filters, to give your projects an unique look.

(100 words)

VEGAS Pro 16 introduces a new, world-class video stabilizer that has been rebuilt in house from the ground up. The advanced motion tracking lets you easily "pin" text to moving objects or apply color grading, special effects, and other video filters. Dynamic storyboarding quickly allows you to assemble rough cuts in an uncomplicated storyboard environment. Additional storyboards can also be created and used for experimental edits and alternate sequencing. In VEGAS Pro 16 you can now stitch dual fisheye files seamlessly and preview your file with complete 360 control.
