**IMORE**

**PREMIUM HEADPHONES  
 AT AFFORDABLE PRICES**

Bluetooth **Stylish True Wireless**

IMORE offers high quality, premium headphones at affordable prices. Their headphones let students hear music the way it was meant to be heard, as the artist intended it to be heard. Whether your students are using headphones for fitness, gaming, or those long library sessions, they will find value in IMORE.

**STYLISH TRUE WIRELESS IN-EAR HEADPHONES**

Your students will enjoy these truly wireless headphones featuring crystal clear sound in an ultra-compact design for enhanced efficiency. These headphones have 6.5 hours of continuous play/talk time on a single charge (24 hours total with case) and fast charge capabilities that give an additional 3 hours of use with only 15 minutes of charge time.

**DSC# 138434 | Vendor# STW-BLK | SRP \$119.99 | Cost \$58.24**

**DUAL DRIVER ANC IN-EAR WIRELESS HEADPHONES**

These wireless headphones feature superior active noise cancelation with natural and full-sounding audio. The neck band provides a natural fit so your students can wear these headphones for extended periods of time.

**DSC# 138425 | Vendor# 2BT-ANC | SRP \$109.99 | Cost \$73.53**

**TRIPLE DRIVER OVER-EAR HEADPHONES**

Students will experience stunning, studio quality audio with these triple driver headphones. Anodized aluminum alloy ear cups provide lasting durability and fingerprint resistance. The adjustable stainless-steel leather cushioned headband with rotating leather cushioned ear cups ensure a comfortable fit.

**DSC# 138422 | Vendor# 3OE-SGR | SRP \$229.99 | Cost \$117.64**

# A New Generation of 3D Printer Build Material

BuMat offers high quality 3D printer filaments educators can depend and rely on. With two product lines and over 80 selections of filaments, educators are sure to find the filament they need in their classroom.

### BuMat

Made of high-quality biodegradable plastic, BuMat PLA filament is eco-friendly for indoor use and may be printed with 3D printers without a heated build plate. Choose from over 20 vibrant colors ranging from solid to translucent for any masterpiece. The BuMat can be used with all 3D printers that accept 1.75 mm. filaments.

DSC# 137902 | Vendor# 3D-BUM-PLABU | SRP \$24.99 | Cost \$17.33

### BuMat Elite

Educators can enhance their 3D printing experience like never before. The BuMat Elite line was created to satisfy the needs of those who demand only the highest quality 3D printed objects. Consistent filament diameter throughout the spool ensures that the print head will extrude filaments properly and eliminate extruder failure. Air tight and vacuum sealed, it guarantees the filament quality to be moisture-free.
