

Spring 2021

NEW VENDOR PRODUCT GUIDE

PROVIDE MUSIC LOVERS THE SOUNDTRACK TO LIFE

SOUL specializes in designing and offering high quality, noise cancelling, and wireless audio products like earphones that have an emphasis on technology and innovation. Whether your students prefer wireless earbuds or speakers, SOUL products are designed in harmony with life's hustle for them to keep going. Cutting edge sound engineering and product designs are the core of SOUL's DNA providing Power, Clarity, and Comfort.

S-STORM

This new generation All-Conditions speaker gives the party a boost. The S-STORM is the perfect indoor/outdoor companion, engineered with a weatherproof design and an original floatable feature that will rock the party in every way imaginable. Available in Black, Blue, and Beige.

S-GEAR

Whether commuting or going to the gym, S-GEAR True Wireless Earphones will provide users exceptional sound and allow them to move freely. Available in Black, White, Red, Blue, and Green.

S-FIT

These All-Conditions active true wireless earphones are designed for everyone. Engineered with Freebit™ wing-shaped locks, an award-winning and patented ergonomic solution, they provide a customized, secure fit so users can move freely without wires. Available in Black, Red, Blue, Green, Teal, and Pink.

Do More With Documents

Foxit's mission is to develop market-leading and innovative PDF products and services to help knowledge workers—including teachers and school admins—increase their productivity, help students and schools excel in learning and teaching, and Do More with Documents.

1

End-User Productivity

Foxit PDF Editor for Education delivers easy-to-use cross-platform solutions including desktop software, mobile apps, and cloud services to enhance productivity on campus, allowing students, faculty and staff to do more with documents.

2

Enterprise Automation

Provide server software for large scale PDF document management and data capture.

3

Developer Solutions

Foxit PDF SDK enables developers to incorporate powerful PDF technology into applications.

Encourage learning in a paperless environment

Taking the initiative to transition into a remote learning environment can be difficult when students, teachers, and staff are used to working with paper. Discover more ways to create, convert, edit, and collaborate with PDF.

Create accessible documents for students of all abilities

Equal education and learning inclusion is a necessity in schools. Foxit's PDF technology provides schools with the resources to create documents that are accessible and Section 508 compliant.

Help them manage devices safely

UV sanitation and charging carts from Cetrix

As schools begin to open, keeping students safe from viral infection is top of mind for Cetrix. Cetrix provides device sanitation and charging cabinets to help stop the spread of infections from shared devices.

ChargeMax is a mobile disinfection and charging cabinet. This multifunctional and convenient solution is designed with safety in mind and is easy to operate. The UV Disinfection lamp inside the cabinet removes 99% of germs and bacteria from the outer surface of devices within five minutes, while the cabinet itself charges whatever device is inside.

UV-C SAFETY SWITCH

ChargeMax is equipped with a safety switch that turns off the UV C light when the cabinet's front door is opened.

DIGITAL CONTROL PANEL AND TIMER

The charging and disinfection operation in ChargeMax are controlled by a programmable control panel.

CONVENIENT CHARGING

Advanced design allows ChargeMax to charge the devices without their adapters.

KEY FEATURES

UV-C Disinfection System
Ultra Violet C lights inside the cart disinfect the device cases while the devices are being charged.

FILTERING TRANSPARENT DOOR

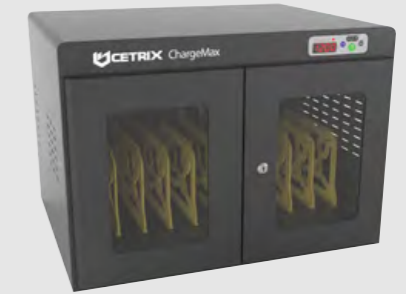

ChargeMax comes with a standard transparent front door that enables the users to monitor the state of charging of the devices and the objects inside the cabinet.

CHARGING STATUS LIGHTS

The BU models come with additional feature of indicator lights, one for each device bay, that turns RED when the device is charging, and turns GREEN when the charging session is completed.

ChargeMax CT-10BU for iPad® & Tablet (10 bay)

ChargeMax CT-10BP for Laptop (10 bay)

ChargeMax CT-30BP for Laptop (30 bay)

ChargeMax CT-60BU for iPad® & Tablet (60 bay)

IMPROVING THE SPORT OF GAMING

For years, ASTRO Gaming has been involved in the design of many forms of the video gaming arena. Now that video gaming has become a leading form of entertainment, with "gaming lifestyle" quickly taking root, they decided to leverage their experience and give people an authentic gaming brand to rally around at the heart of this culture.

ASTRO Gaming products are specifically designed for the underserved hardcore gaming professionals and core gaming enthusiasts. Their overarching commitment is to improve the sport of video gaming.

A10 GAMING HEADSET GEN 1

Gear up to push into enemy territory and show them no mercy. The Special Edition Call of Duty A10 Headset takes gear to the next level. Built with durable construction and extended comfort to combat fatigue means users can game longer, play better, and show the enemy what they're made of.

A10 WIRED GAMING HEADSET WITH ASTRO MIXAMP M60

Tuned for gaming, the A10 features immersive and accurate audio the way sound developers intended. Low latency and precise voice communication mean the user is always in sync. Features: durable construction, long-lasting comfort, flip-to-mute microphone, ASTRO audio tuning, and a controller-mounted mix amp.

A50 WIRELESS GAMING HEADSET WITH BASE STATION

The ASTRO A50 Wireless Headset for Playstation consoles delivers top-of-the-line acoustics, ergonomics, and durability that professional gamers demand. Experience legendary sound and performance without the inconvenience and restrictions that come with wires. The ASTRO Base Station features a 5 GHz wireless transmitter that provides clear, low-latency voice communication, while making headset pairing and charging simple.

RAZER GAMING EQUIPMENT BUILT FOR GAMERS, BY GAMERS

Razer™ is the world's leading lifestyle brand for gamers. Razer is one of the most recognized brands in the global gaming and esports communities. With a fan base that spans every continent, the company has designed and built the world's largest gamer-focused ecosystem of hardware, accessories, software, and services.

Razer has won many awards including Best of CES for seven years in a row, People's Choice Award, Best PC, Best Gaming Device, Best Concept, and more.

ATHERIS WIRELESS 6-BUTTON OPTICAL MOUSE

Optimized for both work and play, the Razer Atheris is packed with features such as advanced signal stability and dual connectivity, all in a pocket-sized ergonomic body. This mouse focuses on delivering performance and productivity.

KRAKEN TOURNAMENT EDITION WIRED GAMING HEADSET

The Kraken Tournament Edition Headset is ergonomically built, allowing users to game comfortably for hours. This headset features full audio controls, THX spatial audio, Game/chat balance, and custom-tuned drivers.

ORNATA CHROMA V2 GAMING KEYBOARD

Fusing the snappy, clicky feedback of a mechanical switch with the familiar, cushioned feel of a conventional keyboard, each keystroke users make on the Razer Ornata V2 is as satisfying as it is precise. This keyboard features Razer hybrid mecha-membrance technology, multi-function digital wheel and media keys, plush leatherette ergonomic wrist rest, fully programmable keys, and cable routing options.

Turtle Beach has been leading the gaming audio industry by designing innovative, best-in-class products that take gaming to the next level. Whether just starting out, a casual player, a hardcore gamer, or an Esports pro, Turtle Beach has the best headset for everyone. Their gaming headsets deliver the amazing sound, comfort, features, and functionality gamers want.

From the latest Xbox, PlayStation® and Nintendo consoles to PC, Mac® and mobile/tablet devices, gamers will gain the competitive edge and start winning more with a Turtle Beach gaming headset.

RECON 70X HEADSET Built for the next victory, the Turtle Beach Recon 70 gaming headset is officially licensed for Xbox One and Xbox Series X and S. It features Turtle Beach's latest lightweight and comfortable headset design for hours of play, with high-quality 40mm speakers and over-ear premium synthetic leather cushions that let gamers hear every crisp high and thundering low while blocking noise.

RECON 70P HEADSET The Turtle Beach Recon 70 gaming headset for PS4 Pro, PS4, and PS5 features Turtle Beach's latest lightweight and comfortable headset design for hours of play, with high-quality 40mm speakers and over-ear premium synthetic leather cushions that let gamers hear every crisp high and thundering low while blocking noise.

RECON 200 HEADSET With the Recon 200 and its powerful amplified audio with Bass Boost, gamers can immerse themselves in the game. Whether playing on an Xbox One & Xbox Series X and S, PS4 Pro, PS4 or PS5, this gaming headset delivers high-quality game sound and crystal-clear chat through its superior 40mm speakers and high-sensitivity flip-to-mute mic. Additionally, the Recon 200's lightweight design, metal-reinforced headband, and synthetic leather-wrapped memory foam cushions provide added durability and unmatched comfort.

2021 WINTER RECAP

Virbela is the first virtual world platform built specifically to solve the challenges of remote collaborations. Schools and companies can meet, host events, hold classes, and service an entire remote workforce all in an immersive and engaging 3D world.

Pivo is a 360° rotating camera that uses AI-powered face recognition and body tracking to follow the subject around, making filming easier than ever. Users can create pro-like content, video, and presentations with just this genius pod and a smartphone.

2020 FALL RECAP

Help educators lift their lessons off the page with 3Doodler. 3Doodler's 3D printing pens spark engagement and bring hands-on learning to the classroom.

Andrea Communications is proud to be a leader in education audio products. The EDU-Series was developed specifically for daily classroom usage and features industry-leading audio technology, designed with comfort in mind.

Educational technology company dedicated to creating tools that help students of all ages peruse their love of STEAM. BlocksCAD is a great coding solution for remote and hybrid learning.

Committed to keeping students safe in the classroom, library, labs, or wherever their studies take them, Clean Space Project specializes in transportable personal safety partitions to safely bring students back to the classroom and campus.

With the extra safety precautions schools, libraries, and stores are taking, Demco has the solutions to keep students, teachers, and staff safe from airborne illnesses.

Earthwise UV offers UV-C sanitizing wands, cabinets, and air sanitizers to remove bacterial and viral pathogens, keeping students and teachers safe in the classroom.

Edmodo is an educational technology company offering a communication, collaboration, and coaching platform to K-12 schools and teachers. The Edmodo network enables teachers to share content, distribute quizzes and assignments, and manage communication with students, colleagues, and parents.

Laser cutter and engraver that helps students and teachers create something amazing. Glowforge has a suite of ready-to-print files or students can create their own objects.

Intelligent designs providing students power and protection to phones, watches, headphones, and more.

2020 FALL RECAP

iTech strives to help employees, teachers, and students return to work and school safely. Their temperature kiosk is designed to be stationed at the entrances of building and grant or deny access after a temperature scan to eliminate the need for user interaction.

Jigabot allows educators to easily live-stream or record lessons using any recording device up to 10 pounds such as an iPad, laptop, camera, or phone. As the subject moves around the room, Jigabot follows them, making it easy to conduct online instruction.

Kodaris is working to stop the spread of germs and keep people protected from COVID-19 and other viral infections with antibacterial hand sanitizer. Removing germs from the hands helps limit germs from accessing the body through the eyes and nose.

Neo Smartpen digitalizes handwritten data created on the notebooks (digital paper) which have NCode imprinted in the pages and saves the data on the connected mobile devices.

NextWaveSTEM helps educators engage, excite, and inspire students through hands-on STEM experiences. Solutions include curriculum, equipment kits, Professional Development training and support, and student materials.
