WIRED OR WIRELESS, 1MORE HAS YOU COVERED

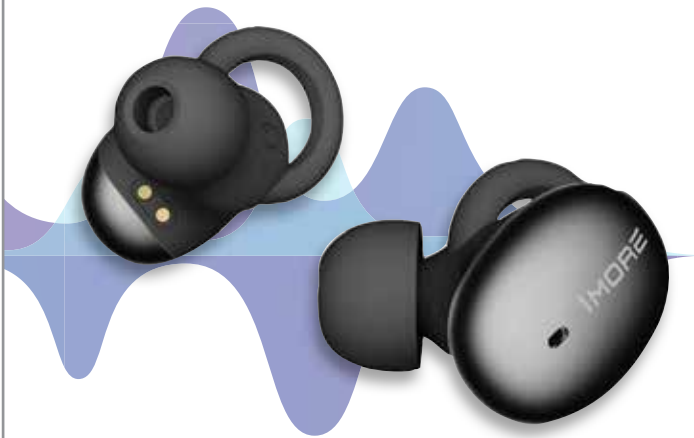

Hear more with 1MORE. With an innovative design and high-quality sound, 1MORE earbuds let students listen to their music the way it was meant to be heard, as the artist intended. Don't let anything get between students and their music.

Stylish True Wireless In-Ear Headphones

Featuring 6.5 hours of battery life, plus fast charge, students can keep their music going for hours. These headphones automatically pair to devices, allowing students to take them out of the case and start using. Students don't have to worry about their music getting interrupted with the superior Bluetooth® 5.0 connection.

NEVER MISS A MOMENT

Open ear headphones for safe listening

Keep students safe and aware of their surroundings while on and off campus. The bone-conducting technology provides a great listening experience, while keeping ears completely open.

AEROPEX

AfterShokz is pushing the boundaries of open-ear listening with the new Aeropex. They've implemented brand new PremiumPitch 2.0+ and angled the transducers to ensure optimal placement on the cheekbones, allowing for more dynamic bass, higher volume and less vibration.

Designed to empower users to redefine their possible, Aeropex harmonizes portability, usability, durability, safety, and enhanced sound quality.

Get Students Recharged for Second Semester

Gone are the days of losing phone cables behind the desk. With wireless charging, students can easily charge their phone without having to connect the cable.

Otto Q Wireless Charging Pad

The Otto Q charges through cases up to 5mm thick and supports the fast-charging standards from both Apple (7.5W) and Samsung (9W). It features a multilayer heat sink design to protect against overheating. The smart LED makes it easy to see the charging status and the non-slip surface ring keeps the phone in place.
