EXPERIENCE AIRFLOW TECHNOLOGY

Aircom's patented airflow technology uses an air-filled hollow tube to increase air space and sound development which produces more body and delivers a "live" listening experience that your students can feel.

Aircom A3 Stereo Airflow Earbuds

Proper fit and seal is essential to maintain optimal sound and with a small, medium, or large earbud ring, the A3 fits, so whether users are dancing, running, or lifting, it stays in ear and they will experience "live" sound that they can feel. The A3 has the clic-it system with magnetic end-caps that click together and can be worn around the neck so your students are ready for whatever's next.

Introducing the ESD Sales Portal

Selling Software is Back on the Table

The Douglas Stewart Company's ESD Sales Portal is a resource for you to deploy essential ESD (Electronic Software Downloads) to your students in store! By using a platform that is more conducive to current device form factors and student retail expectations you can now generate revenue on software sales with minimal overhead.

Program details:

- Customize your portal to include a store or school name and logo
- Add additional users to the account and adjust access levels
- Choose which ESD SKUs to offer your students within the portal
- Update student pricing to account for everyday pricing or promotional pricing levels
- The portal can be loaded onto any device in store to allow your customers to place their ESD orders. Stores must have in-store Wi-Fi for customers to gain access to the portal

Introducing EndNote X8 A New Way to Collaborate

Research collaboration has taken on a whole new meaning in the digital age. Your users may be spread all over, with access to different resources, but they still need to work together in order to produce truly novel research.

With EndNote X8:

Share the entire EndNote library, including references, PDFs, and annotations with up to 100 people. Everyone can add to, annotate and use the library—at the same time.

With the new Activity feed, easily keep track of who is making what changes to the shared library and when.

Save your funding dollars for your research. There's no additional charge for sharing, no library size limit and no charge for unlimited cloud storage.

Collaborate with a global team

Work from a single reference library with up to 100 people, no matter where they are located or what institutions they are affiliated with.

Overcome research limitations

Store and share as many references, documents and files as needed – a necessity for successful collaboration.

Stop hunting down full text PDFs

Initiate a search for full text PDFs across an institution's subscription and freely available sources, and it will automatically be attached once found.

Sort through years of work in seconds

Search across reference metadata, full text journal articles, file attachments, personal annotations, and more to locate the research needed in just seconds.

Cite it right the first time

Insert citations and references from an EndNote library into a manuscript and automatically build a bibliography in over 6,000 styles.

Take the guesswork out of journal submission

Using EndNote online, find the journals where research is most likely to be accepted based on an analysis of tens of millions of citation connections in the Web of Science™.
