Wouldn't it be great if educators and students could instantly share whiteboard content?

Kaptivo is the easy way to upgrade the trusted whiteboard to a digital collaboration system!

Add Kaptivo to any whiteboard and capture content automatically. Patented image processing enhances whiteboard content by removing smudges, glare, reflections, shadows, and people in front of the board.

Originally launched as a Kickstarter product in April 2016, Kaptivo began with nearly 500 backers pledging their support resulting in a **phenomenal customer response!**
