- 5 Support via distribution account managers.
- 6 Next day delivery in UK and northern Ireland.
- 7 Shipping included in education pricing.
- 8 Sales collateral available.
- 9 Attach as a device bundle and increase your profit.
- 10 Demo program available at: powergistics.co.uk/demo-request.
- 11 Dealer registration available at: powergistics.co.uk/deal-registration.
- 12 Strong end user campaigns to pull leads and enquiries back through the channel.
- 13 RMA process in place.

WHY OUR TOWERS?

- Strong steel and aluminium chassis.
- Available in tower 8, 12, 16 and 20 shelves.
- Available in standard 11.6" and plus 14.8" shelf size.
- Small footprint – saves precious space in the classroom.
- Open concept – teachers can quickly check what devices are stored and on charge.
- Quick device deployment – eliminates long queues and wasted lesson time.
- Secure – comes with a keyed lock or combination lock.
- Future scalability – as schools invest in more devices, they can change the mounting option of their tower – from mobile roller in a shared environment to wall mounted with split classroom deployment.
- Pinch point cable management – eliminates pulled and broken power cords.
- Empowers students to self serve and be responsible.
- Includes lifetime warranty on tower.
- Available in traditional PDU and USB C connection.
- Custom colour shelves available.*

*additional cost
