EndNote 20 has the same power and flexibility students trust, modernized for ease of use

New interface design

Save even more time preparing manuscripts and managing bibliographies with an intuitive user interface.

Improved search

Find content more easily, whether it is in an online database or already in the library.

Improved reading & editing

Read and annotate more easily with full-size PDFs, and quickly copy formatted references.

Simplified review

Save hours deduplicating content by searching on unique identifiers.

Kopernio integration

Automatically export references and full-text PDFs into EndNote™.

Easier multitasking

Quickly switch between groups and references with content tabs.
