

## Foxit helps them do more with documents

### WHAT is the product?

Foxit helps schools easily transition from paper to digital and helps them do more with documents.

### WHERE does it stand out?

- Create and edit PDF documents and fillable forms
- Sort pages, add headers/footers/ watermarks, and export PDF
- Convert paper into editable and searchable PDF for paperless
- Collaborate with other users so the whole team can participate
- Protect information no matter where documents go
- Understand how users are utilizing documents

### WHO is it for?

- Administrators
- IT Departments
- Teachers
- Students

### WHEN would it be used?

- Hybrid Classrooms
- Distance/Virtual Learning
- Office and Administrative tasks

## Features

### Encourage Learning in a Paperless Environment

- Taking the initiative to transition into a remote learning environment can be difficult when students, teachers, and staff are used to working with paper. Discover new ways to create, convert, edit, and collaborate with PDF.

### Create Accessible Documents for Students of All Abilities

- Equal education and learning inclusion is a necessity in schools. Foxit's PDF technology provides schools with the resources to create documents that are accessible and Section 508 compliant.

### The Only PDF Solution Available Across All Digital Platforms

- Accessible for students, parents, teachers and staff anywhere. Industry's fastest and highest-fidelity PDF rendering engine.
