RESULTS FOR TODAY AND FOR TOMORROW

Space-saving charging and storage solutions for your tablets and handheld devices

PowerGistics **TECHSTATION10** is designed specifically to evolve with your future charging and storage needs. Devices, office layouts and your deployment needs will change in time. PowerGistics **TECHSTATION10** has the flexibility for business needs today, and for tomorrow.

Key Features for Business:

1. Rapid Charge Smart Port Technology

Charge your power-hungry devices at full speed with 60 watts and 12A total output. Maximizes compatibility with Android, Apple and other devices by enabling charging speeds of up to 12 amps among 10 ports or 2.4 amps per port.

2. Perfect For Almost Any USB Device

You can charge more than just your smartphone or tablet with this handy, multi-port adapter. It will also power up your e-reader, Bluetooth headphones, portable speakers and nearly any other device that charges with a USB cord.

3. Wireless Updating

The open design allows for obstruction free updating of devices.

4. Quick Hook Cable Management

Each shelf uses its own, easy to access, cord wrap to allow for a seamless and fast installation time.

5. Keep It Cool With Plastic Free Aluminum Construction

The open design invites air circulation. Lightweight, aircraft grade aluminum provides a natural heat sink that increases device longevity.
