CORE12 USB

The Smart Alternative to the Charging Cart.

For Chromebooks, iPads and More

Key Features for Academic Results

Small Vertical Footprint
Two Towers take up less than half of the square footage of a single cart.

Maintenance Free Cable Management
Designed for student use, the perfected cable management provides quick device return and retrieval. IT staff won't have to waste time rewiring again.

Visual Security
The asymmetric door allows teachers to clearly see if all the devices are charging and stored from anywhere in the classroom.

Barrier-free Option
Remove the door altogether for barrier-free device access in flexible environments.

### USB-A to USB-C Cords included with USB Towers
Cable up Towers in less than 10 minutes. Save money by not buying extra power bricks.
Antimicrobial Powder Coating
This gives an extra layer of protection against spreading common germs.

Versatile Mounting Options:
Place Tower on wall, Stand, or Roller. These Towers are designed to evolve with your deployment needs.

W 11.25"
