

# Empowering every gamer with AVIGA™

High-quality sound and comfort, enhances the esports experience for all users.

## Hear. Play. Win. Immerse yourself in the game

AVIGA™ is designed for esports competitors of all skill levels. With immersive sound quality, crystal-clear communication, plush padding, and volume control, the AVIGA™ gaming headset is an incredible value, ensuring you stay comfortable and focused throughout your gaming session.

- Balanced audio that sounds great for both esports and music listening.
- Earcups can move/tilt up and down to create a perfect seal for passive noise cancellation without uncomfortable pressure.
- Gaming bliss activated. Lightweight and comfortable for long gaming sessions.
- Noise-canceling mic ensures clear communication and pick-up of a wide range of voices.

### SWIVEL-TO-MUTE BOOM MIC

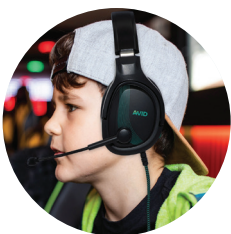

Easily mute your microphone by swiveling up the boom arm, ensuring smooth communication control.

### VOLUME CONTROL

Conveniently control your audio experience with volume control located on the earcup to adjust your settings effortlessly.

### OUR AUDIO SOLUTIONS ARE:

- Durable and reliable
- Easy to store and clean
- Meets safety compliances
- Compatible across many platforms and devices
