IPEVO TOTEM 360

360° Immersive Conference Camera + Speakerphone

The ultimate conferencing solution designed for teams, lectures, and presentations. An all-in-one solution that creates an immersive conferencing experience, making participants feel as if they were physically present. With seamless Panoramic 5K image stitching and advanced audio technology, TOTEM 360 delivers stunning visuals and crystal-clear sound. Its easy portability allows you to transform any room into a hybrid conferencing space. Engage with remote participants like never before and elevate your meetings, lectures, and presentations to a whole new level.

360° Video

IPEVO TOTEM 360 is a complete audio-visual solution, providing a seamlessly stitched 360° image from four cameras, sound from an all-around speaker, and capturing voices via an array of four beamforming microphones with AI noise reduction.

Immersive Video Modes

TOTEM's four AI-enhanced video modes are designed to remove the barriers of hybrid conferencing and learning. You can cycle them with a press of a button, without the need for any additional software.

Person & Voice AI Tracking

Based on the selected video mode, the AI identifies up to four active speakers, highlighting them in individual close-up or tracking their movement.

Portable Camera for Multiple Rooms

Deploy TOTEM 360 in any meeting room and instantly upgrade it into a hybrid conferencing or learning space. All it takes is to plug it in and start your meeting.

Works with Everything, Instantly

Plug and play compatible with Zoom, Google Meet, Skype, Microsoft Teams, Barco ClickShare and more on Windows, Mac, and Chromebook.
