

# IPEVO

## Embrace the Freedom of Scalable Wireless Audio

### IPEVO VOCAL HUB Wireless Audio System

Wireless pairing for up to 6 IPEVO VOCALS, each with a 40-hour battery life and 2-way AI noise reduction. It's compatible with laptops and mobile devices, seamlessly integrating with third-party equipment for enhanced flexibility.

# Have You Experienced the Frustration of...

Poor audio quality in the conference room?

Struggling to be heard clearly, results in needing to raise your voice or constant movement to find the "sweet spot" near the audio device?

Dealing with the headaches of complicated installations and tangled wires?

# Seamless Sound & People-centric Audio

No matter how the meeting is set up or where people are located, whether they are dispersed or grouped, everyone in the meeting can easily speak and hear. Simply pair up and rearrange to cover any space.

Ideal for different table arrangements, enabling dispersed groups to remain in their original seats while still achieving excellent audio reception, speaking, and participation in discussions.

## BEFORE

## AFTER

# The Revolutionary Wireless Conference Audio System!

Say Goodbye to Audio Hassles in the Meeting Room!

## Effortless Setup

Unique Bluetooth  
Wireless Audio System

## Convenient Wireless

Liberating from Intricate Wiring -  
Embrace Wireless Convenience
