STAEDTLER

POWER, PROTECTION, STYLE, & PURPOSE

The acclaimed, durable, ultra-thin cases house a rechargeable battery that greatly extends the time to rock, talk, surf and send. It's strong enough to guard a smartphone from every-day wear and tear, yet sleek enough to slip in-and-out of a pocket. A built-in standby switch allows users to choose when they want to use the juice pack battery, or save some power for when they really need it.

Juice Pack Air Rechargeable External Battery iPhone Case

Powerful 1700mAh protective battery case made for iPhone 5/5s. Get up to 100% extra battery with the flip of a switch and stay fully charged through the late nights.

GadgetTrak Laptop Security – Get Your Gadget Back!™

Think about the things on laptops right now: Countless photos, financial records, software, music, videos, etc. The hefty price tag on a laptop is probably dwarfed by the value of the information on it.

GadgetTrak dramatically increases the likelihood of finding a laptop, by pinpointing its location, and even sending a picture of the person using it.

GadgetTrak is also available for Android devices!

Why do people need GadgetTrak for their laptops?

10% of all laptops purchased in the US will be stolen within the first year of ownership. *Source: FBI*

Only 3% will be recovered! *Source: FBI*

2 million laptops are lost or stolen in the US annually. *Source: Ponemon*

600,000 laptops are lost or stolen in **US airports** annually. *Source: Ponemon*

Corporate America Pays a Hefty Price for Lost and Stolen Laptops

\$49,246 = Average value of a lost or stolen corporate laptop. 80% is the data breach cost. *Source: Intel*

\$5.4 million = Average cost of a data breach. *Source: Intel*

Locate & Find

Wi-Fi Positioning — Using Wi-Fi positioning technology to pinpoint a laptop's location, usually within a few meters!

Webcam Support — Snap a photo of the thief to collect crucial evidence that the police can use to get the laptop back.

Recovery Assistance & Reporting

Integrated Police Reports — File a police report online with over 150 police departments across the United States.

Documented Recoveries — With our high recovery rates, we have a history working with and assisting law enforcement.

Secure

Tamper Proof — Once tracking is activated, the software settings cannot be modified unless deactivated.

Does GadgetTrak Really Work?

Absolutely! Our recovery rate is over 90%. Check out the recovery stories at <http://www.gadgettrak.com/recoveries/>

Privacy Safe

Only the user can access location reports and the web camera.

Finding Stuff Was Never So Easy

Want to share & track stuff with friends?

Locate bags or keys in an instant?

Never lose anything with the FIND app!

Want to track kids in a crowded environment? Want to ensure your pets do not go far away? FIND your keys easily early in the morning? Can't remember where you kept your handbag? Track if your bags made it to your flight? Or find your luggage easily on the luggage belt after a flight? Avoid forgetting your phone in a restaurant? The FIND by SenseGiz can solve all your problems!

The FIND by SenseGiz is an affordable track and find Bluetooth® tag which can be used to prevent losing or misplacing objects like keys, bags, pets, laptops, phones, etc.

RECOIL AUTOMATIC CORD WINDERS

Eliminate the frustration of tangled cords and cord clutter with Recoil Automatic Cord Winders, a retractable cord organizer designed to automatically wind and store cords keeping them tangle free and ready for use.

Recoil Winders end the age-old problem of tangled, lost and unidentifiable cords and cables once and for all. Our cord organizer can finally solve cord clutter in the home, office, car, purse, and luggage. Our Recoil Winders make it easy to find, store and organize all of the cords in your life. No more tangled headphones & earbuds, phone chargers, USB cords or camera chargers. No more searching for the right charging cord or forgetting which cord belongs to which device. And no more tangled messes. Our easy-to-use cord management tool makes earbuds or any other cord retractable. Tangled cords are a problem. The Recoil Winder has solved that problem. Not any cord winder will do. Recoil Winders are the premier, top-rated cord managers available.

– 2014 Fall Recap

iChoice products are developed to help everyone monitor their wellness and health. The aim is to empower people and get them to know and keep their health and wellness. One's body tells everything about one's health anywhere, and iChoice products can help collect and upload that data to the free iChoice App. Fitness data can be viewed and shared anytime through a smartphone or computer.

ClaroRead is a highly effective, multi-sensory software solution for supporting reading and writing, and is designed with maximum simplicity and flexibility for all ages and abilities. ClaroRead can speak practically any on-screen text out loud, and is perfectly integrated with Microsoft Word.

Jaybird headphones are premium Bluetooth® earbuds designed with the athlete in mind. Jaybird delivers a level of purity and sound that rivals and challenges even the very best headphones. It's tuned for studio-quality performance and its Puresound™ technology eliminates listener fatigue.

Stopmotion Studio™ from Honestech allows students of any age to experience the thrill of hands-on learning by creating their own stop-motion animated video by capturing images of clay, action figures, still photos, and drawings.

Now students can take their iPhone® photos to amazing new depths with portable lenses from Olloclip. These award-winning photo lenses work seamlessly with Facebook, Instagram, Flickr, and every other student-loved photo and video app!

The Qwizdom virtual response (QVR) solution allows teachers to get the most out of web-enabled devices including iPad® devices, laptops, and tablets, by providing curriculum and assessment tools proven to increase learning outcomes.

Design-driven and colorful, Skech makes iDevice accessories for the trendy and the techie. Outfitting iPad, iPad Air® and iPad Mini™, Skech covers are available in a variety of colors.

New Vendors – 2014 Summer Recap

HiTi Digital, Inc., a professional manufacturer and supplier of digital photo products, and is well known for its high-quality and innovative technology. Their wireless photo printer, Pringo, uses WiFi technology to quickly and safely transfer superior images for instant photo prints. HiTi lets users preserve all of life's memorable moments.

JammyPack offers affordable, portable, durable audio designed to storm the beaches, the slopes and anywhere in between. JammyPack's wearable speakers pack water-resistant and stereo-amplified sound into every retro-printed bag, perfect for cruising around campus.

Spectrum Industries specializes in manufacturing laptop, tablet, and Chromebook storage carts for the classroom. Spectrum is laser focused on supporting the mobile devices that are flooding the education space. Connect your customers with Spectrum Carts today to provide them with sturdy, durable mobile device management at a competitive price point!

New Vendors – 2014 Spring Recap

GoFit offers a wide range of home fitness products designed for the individual. Whether your customers' fitness preferences are core training, weight resistance, sports performance or yoga, GoFit has products to fit every skill level, interest, and need.

Offering a wide variety of accessories, tools, and devices made for visibility and to enhance workouts and recreational activities alike. Every product that's offered is designed with creative innovation for superior functionality, manufactured with top-of-the line materials for optimum durability, and here to make your life easier, safer, and a little more fun.

A leader in GPS technology, TomTom now offers fantastic wearable tech items and accessories for a multitude of sports. Using a TomTom GPS Sport Watch is the easiest way to improve your running, cycling or swimming.

What athletes demand, Mueller engineers create. Mueller helps elite athletes and weekend warriors stay in the game, and take their games to the next level. Mueller helps athletes prevent injuries, recover from them, defend against new ones and enhance performance. They've pioneered sports medicine, and represent its cutting edge today, with literally dozens of inventions and industry firsts.

Besides offering over 50 flavors of Jelly Beans, Jelly Belly also has an enormous lineup of gourmet treats and snacks ranging from Jelly Beans to gummy candies and Sports Beans.

Network Sentry from Bradford Networks is the first network security offering that can automatically identify and profile all devices and all users on a network, providing complete visibility and control. Unlike vendor-specific network security products, Network Sentry provides a view across all brands of network equipment and connected devices, eliminating the network blind spots that can introduce risk.

When it comes to laptop trolleys for the classroom, LapCabby likes to think a bit differently. They've been manufacturing innovative school furniture for over 25 years and their range of laptop trolleys offer all you need in terms of storage, safety, charging, and simplicity with competitive prices.
