# 6 AWESOME WAYS TO INTERACT WITH YOUR CUSTOMERS AND ATTRACT NEW ONES

When it comes to shopping, your students have tons of options to choose from. Now more than ever it is important to keep in contact with your customers while turning them from one-time customers into repeat customers. Not only that, but it's important to keep attracting new ones. Once your students make a purchase at your store, it's easy to market to them to get them to buy again.

## 1 BE GOOD

### AND STAY AUTHENTIC

Provide products and services that your students will love.

## 2 FOSTER A CLOSEKNIT CUSTOMER COMMUNITY

Students love being part of a conversation. Give your students a way to connect with you and each other to share ideas, ask questions, find answers, and engage in conversations about your products and services. It shows them you care, builds loyalty, and gives them an outlet to profess their love for your store (which will peak the interest of potential customers who are window shopping online).

### 3

## OFFER EXCLUSIVE OPPORTUNITIES

Everyone likes to be unique and important. Imagine how your students would feel if they were told they could get a sneak peek at a product or a chance to sample a product. What about being rewarded for being a loyal customer?

They'd feel pretty darn special.

### 4

## SUIT UP YOUR STORE: LOOKS MATTER

The "build it and they will come" adage doesn't quite work when it comes to websites and products. Your E-Commerce site design is an important facet of customer respect. Optimize the user experience with an intuitive website.

## 5 BE SOCIAL

We are in the day and age where everyone is on some form of social media. It's no surprise that the brands most active on social media also have the most enduringly passionate followers. But it's not enough to merely exist on social media. Engage with your followers, comment on their posts, be informative, and make them laugh. There's a million ways to interact with your students, just make sure you're listening to what they want.

### 6

## INVOLVE THE PEOPLE WHO MATTER MOST

One of the most rewarding things for loyal customers is feeling like they're part of the business they're investing in. Give your students a say and ask them directly for feedback.

Source: <https://bloggingbistro.com/wp-content/uploads/2014/01/6-Ways-to-Attract-a-Fanatical-Brand-Following.png>

Everyone likes getting free things. Offer incentives like email promotions and subscriptions to gain new customers.

Much of a company's revenue comes from repeat customers. Get this from promoting loyalty in your store.
