Mission Control for your Chromebooks

Designed for K-12 environments

GoGuardian Fleet is the leading education technology management tool that makes it easy to manage your district's Chromebooks. It seamlessly syncs with Google Admin Console to keep your inventory up to date, saving you time when handling device deployment and returns.

With GoGuardian Fleet, it's never been easier to manage, track, and maintain your district's device deployment, all from a single dashboard.

Integrated repair & damage tracking
Know exactly where your inventory is at all times.

Quick assign & unassign
Save valuable time with our efficient and streamlined deployment process.

Hassle-free device management
Create clean and accurate inventory recording.

Advanced data management
Effortlessly import existing data and edit in bulk.

Robust inventory reporting
Easily export all device information for efficient reporting and sharing.

Nightly GAC sync
Seamlessly sync your inventory to keep it up to date.
