

More teaching, less managing

GoGuardian helps you create smart and effective digital learning environments that work any way you want them to, without surprises. We're as passionate about keeping kids safe, on-task, and engaged as you are.

With GoGuardian Teacher providing a view into your students' online activity and providing you control over their devices, you can eliminate distractions, connect with students, and save time. Teach confidently with devices knowing that your students are staying focused and on-task.

Classroom device management made easy:

-  **Video Conferencing*** NEW
Meet with students one-on-one, or initiate a group call to collaborate with the whole class.
-  **Direct Chat & Announcements**
Deliver instruction to the whole class, or chat privately with individual students without disrupting the rest of the class.
-  **Screen Sharing** NEW
Share your screen with the option to enable audio and/or video to walk students through a lesson.
-  **Off-Task Alerts**
Receive an automatic alert when a student goes off-task or off-subject.
-  **Lesson Recording*** NEW
Record your one-on-one calls, group calls, or screen-sharing presentations to distribute later.
-  **Control Student Screens**
Close irrelevant tabs, open tabs to helpful resources, lock screens, and screenshot student screens.
-  **View Student Screens**
See what students are working on, and easily identify students that are struggling or may need more guidance.
-  **Student & Class Reporting**
-  **Limit Student Browsing**
Block specific websites while keeping the internet open, or restrict students to only the websites you choose—perfect for testing.
-  **Free Online Training**
-  **Works Anywhere**
