

The Dell product line provides many options to choose from to help you meet the needs of your customers. Customize a program that is right for you. It's as easy as 1-2-3!

1

Choose the inventory model that is right for you:

1. **Year-long stocking:** Build your assortment from our Dell Ships Fast product line.
2. **Seasonal stocking:** Stock products to address key buying seasons.
3. **Order on demand:** Order Dell products as they are pre-sold to your customers.
4. **Member Purchase Program (MPP):** Offer Dell's complete product line through your own unique delluniversity.com URL and receive a rebate for your sales. MPP can be offered in addition to your Dell stocking program.

2

Choose Dell products that fit your customers:

1. Choose screen sizes
2. Choose model options
3. Choose warranty options

3

Grow sales through merchandising and marketing:

1. Display Dell-branded signage advertising that you are a Dell-authorized reseller
2. Provide system details through spec sheets
3. Use editable emails and flyers to spread the word on campus
