

# The Student Learning Journey

From the first day of school all the way to graduation and beyond

## 20 Series

Pre-School and  
Primary Students

## 30 Series

Primary and  
Secondary Students

## 50 Series

Middle and  
High School Students

## 70 Series

High School and  
College Students

## WHAT is the product?

AVID offers a comprehensive suite of educational audio solutions for the learning journey—from the first day of school to college graduation day and beyond. No matter the learning environment, AVID fits into funding and every budget to give teachers and students their best chance at educational success.

## WHAT we offer

### NEW 20 Series

The 20 series is the latest addition to AVID's product line focused on addressing the audio and comfort needs of early learners in all learning environments.

### AE-25 Headphones

The new AE-25 headset improves voice and sound clarity to enhance story listening, interactive curriculum, speech and reading assessments. The AE-25 multi-use design maximizes functionality as a headset and headphone in one by moving the boom microphone up along the headband into **SideKick™**.

## WHAT we offer

### Features include:

**SideKick™**, AVID's exclusive microphone management system, reduces tampering and microphone damage when not in use

Lightweight, soft, padded construction provides extra comfort for longer use

Flexible 4-foot chew-resistant nylon braided cord provides durability and a wide range of motion and easy connection

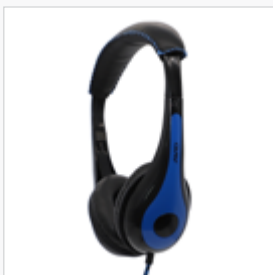

Adjustable padded headband provides a snug, secure and comfortable fit

Noise-canceling boom mic removes background noise for clear communication

## 30 Series

Designed for younger students, the lightweight 30 Series provides impeccable sound quality and the ability to endure daily wear and tear. Its first-rate features and sleek design include cushioned earpads and headbands for long-lasting comfort and chew-resistant nylon cords for durability.

### AE-35 Headphones

**Great for:** school, home, libraries and for in-person, hybrid, or remote learning.

The AE-35 was created and reinforced with the school environment in mind and is already used by thousands of children around the country. This headphone comes with our braided Nylon cord for extra resistance to chewing. For these reasons, it is perfect to give one to each student in the classroom and is easily stored in individual desks.

#### Features include:

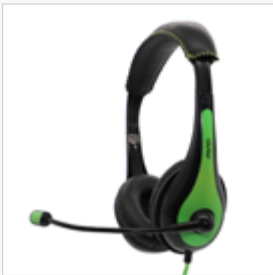

- 3.5mm plug
- Vinyl earpads
- 6 foot chew resistant braided cord

#### Choose from these colors:

# WHAT we offer

## AE-36 Headset

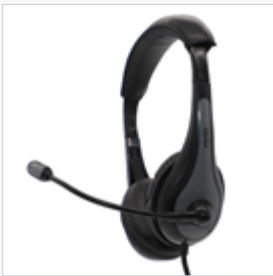

**Great for:** testing, language learning software, recording podcasts, presentation narration, and other applications.

A step up from the AE-35, the award-winning AE-36 headset has an omnidirectional adjustable boom microphone that makes it a perfect solution for testing because it allows students to record their answers quietly and clearly.

### Features include:

- 3.5mm plug
- Vinyl earpads
- 6 foot chew resistant braided cord
- Adjustable boom microphone

### Choose from these colors:

## AE-39 Headset

**Great for:** testing, language learning software, recording podcasts, presentation narration, and other applications.

This headset includes the same features as the AE-36, but is equipped with a USB port and volume control. It has an omnidirectional adjustable boom microphone that makes it a perfect solution for testing because it allows students to record their answers quietly and clearly.

### Features include:

- USB port
- Vinyl earpads
- 6 foot chew resistant braided cord
- Adjustable boom microphone
- Volume control

### Choose from these colors:

## 50 Series

Designed for older students, the 50 Series has the same durable features as the 30 Series plus a modern, sleek, and more robust frame with wider earcups for an enhanced and lasting experience. It also boasts an ambidextrous design making it the perfect universal communication solution. Meeting the strictest of testing standards, the AE-54 and AE-55 are your go-to audio solutions for testing season.

## AE-54 Headphones

**Great for:** non-microphone testing and 1:1 learning.

The AE-54 is a headphone developed to meet various state non-microphone testing requirements. It is built for quality performance and comfort, making it perfect for prolonged use.

### Features include:

- 3.5mm plug
- Vinyl earpads
- 6 foot chew resistant braided cord

### Choose from these colors:

## WHAT we offer

### AE-55 Headset

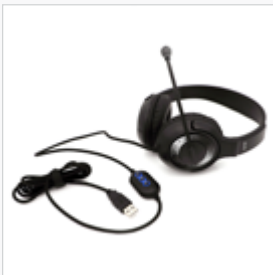

**Great for:** testing, 1:1 learning, assessments, speech and listening comprehension.

This award-winning universal headset has set the standard for testing in K-12, with its passive noise reduction ear pieces, and noise-canceling 270-degree rotatable boom microphone. It was designed to meet various state testing requirements, including Texas English Language Proficiency Assessment System (TELPAS).

**Features include:**

- 3.5mm plug
- Ambidextrous design
- 6 foot chew resistant braided cord

**Choose from these colors:**

### AE-55 USB Headset

**Great for:** testing, 1:1 learning, assessments, speech and listening comprehension.

The AE-55 USB offers all the qualities of the AE-55, but it is equipped with a USB port and inline volume control. This USB connection is frequently used in gaming headsets for a cleaner sound and stronger signal.

**Features include:**

- USB port
- Vinyl earpads
- 6 foot chew resistant braided cord
- Adjustable boom microphone
- Volume control

**Choose from these colors:**

## 70 Series

Staying connected with 1:1 solutions that bridge the digital divide is essential these days. The new 70 Series is designed specifically for the older student on their learning journey. Boasting a larger speaker size that delivers clear, natural sound with deep bass and flexible noise-canceling microphones, this series enhances focus, communication, and engagement in all learning environments.

### AE-75 Headset

**Great for:** all learning environments, state testing, assessment, office, remote, video conferencing, gaming, podcasts, music and more.

The AE-54 is a headphone developed to meet various state non-microphone testing requirements. It is built for quality performance and comfort, making it perfect for prolonged use.

**Features include:**

- 3.5mm plug
- Vinyl earpads
- 6 foot chew resistant braided cord

**Choose from these colors:**

# WHY now is the time to stay connected with AVID

A trusted partner since 1953, AVID continues to connect millions of students and teachers across the country with audio solutions that accelerate learning and communication.

Availability of essential headsets, headphones or earbuds should not be one of those challenges that hinder educational success. When you need us, AVID is ready to assist in connecting your school with award-winning audio solutions that fit into funding and every budget. Let's work together to connect more students to AVID audio solutions for greater educational results.

## HOW is AVID eco-friendly?

AVID is partnering with TERRA and DONE with IT program to offer schools a no-cost recycling solution for all brands of headphones, headsets and earbuds.
